CALL FOR PROPOSALS

I. Background:

The Global Environment Facility (GEF) Small Grants Programme (SGP) provides nongovernmental and community-based organizations (NGOs/CBOs) in developing countries with grants to enable them to tackle climate change, conserve biodiversity, protect international waters, reduce the impact of Persistent Organic Pollutants (POPs), and prevent land degradation. With these environment-centered “grant projects” the programme also seeks to generate sustainable livelihoods and reduce poverty in the world’s neediest countries and regions. The SGP motto is “community action with global impact!”

The GEF SGP works in 125 countries all over the world. SGP Moldova was opened in 2012 and started financing projects in 2013. Since then, it has succeeded in funding and providing technical support for more than 27 grantee projects. The Programme is a GEF corporate programme, implemented by UNDP and executed by UNOPS.

Effective partnerships are key for SGP Moldova’s success. From management structures and funding mechanisms to grass-roots action, partnerships permeate all aspects of SGP operations. NGOs/CBOs are viable channels to promote community empowerment, ownership and participation in development and can thus be considered as the most significant SGP partner. They can play an effective role in better understanding the local community’s needs and demands and must be given a full chance to fulfill their responsibilities towards those communities.

II. Objectives:

The principle objectives of the Small Grants Programme are to:

- Develop community-level strategies and implement technologies that could reduce threats to the global environment if they are replicated over time.
- Gather lessons from community-level experience and initiate the sharing of successful community-level strategies and innovations among CBOs and NGOs, host governments, development aid agencies, GEF and others working on a regional or global scale.
- Build partnerships and networks of stakeholders to support and strengthen community, NGO and national capacities to address global environmental problems and promote sustainable development.
- Ensure that conservation and sustainable development strategies and projects that protect the global environment are understood and practiced by communities and other key stakeholders

Within this call of proposals, the grants will be offered for the following thematic area:

- *Climate Smart Innovative Agro-ecology*

III. Budget:

The SGP grant should not exceed US\$50,000.

The NGOs are encouraged to propose co-financing as 1:1 to the granted funds. Please consult the Guidance Note for details. The lack of co-financing is not a disqualification criteria of competitive projects. The NGOs will be encouraged to raise the level of co-financing during the implementation period.

Empowered lives.
Resilient nations.

IV. Eligible Organizations:

Only local nonprofit organizations can apply.

V. Procedures and deadlines for submitting proposals:

The project proposals will be developed following the Guidance Note.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- A. they have at least one controlling partner, director or shareholder in common; or
- B. any one of them receive or have received any direct or indirect subsidy from the other/s; or
- C. they have the same legal representative for purposes of this Call for Proposal (CFP); or
- D. they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- E. they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- F. an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this CFP process. This condition does not apply to subcontractors being included in more than one Proposal;
- G. the implementing units and NGOs involved in carrying out the tasks of public institutions under contracts concluded between them, will be rejected.

VI. Application:

Offers shall be submitted electronically to the following e-mail address: SGPMoldova@unops.org, titled in the message subject line as "GEF SGP, Agroecology 2018, [name of the applicant NGO]".

Offers received after the indicated deadline in the text of the announcement will be rejected. Applications sent by e-mail should not exceed 10 MB in size. Applications larger than 10 MB should be split into several messages and each message subject should indicate "part x of y" besides the marking mentioned in the announcement and the solicitation documents.

For any additional information on the call for proposals, please contact Mrs. Inessa Galitchi, National Coordinator, the GEF Small Grants Programme, Moldova, e-mail: inessag@unops.org, tel: (+373) 22 839-876
